Breakout rooms for adhoc meetings:

There will be opportunities for groups to meet to discuss topics of interest during the conference. We have reserved time on Wednesday from 4:00pm to 5:15pm for participants who wish to meet either around a research topic, a geographical region or country or to organize committee meetings. There will also be opportunities during some of the concurrent sessions to organize special sessions.

If you wish to organize such a meeting, please speak to Annie or Lindsay.

We will post the room and subjects of these breakout sessions on the board by the registration/information desk.

Salles pour réunions spéciales

Pendant la Conférence, les participants pourront se réunir en groupe pour discuter de sujets d'intérêt. À cet effet, nous avons réservé du temps le mercredi de 16 h à 17 h 15. Les groupes pourront se former par sujet de recherche, région ou pays ou pour organiser des réunions de comités. D'autres possibilités se présenteront pour des séances spéciales, pendant les séances concurrentes.

Vous désirez organiser une réunion de ce genre? Parlez-en avec Annie ou Lindsay.

Salones para reuniones especiales

Los grupos tendrán la oportunidad de reunirse para discutir los temas de interés durante el Congreso. Hemos reservado un tiempo el día miércoles de 4:00 a 5:15 P.M. para los participantes que deseen reunirse según distintos criterios: por tema de investigación, por región geográfica o país, o para organizar reuniones de comités. También habrá oportunidades durante algunas de las sesiones simultáneas para organizar las reuniones especiales.

Si desea organizar una reunión especial, comuníquese con Annie o Lindsay.

Se anunciará el salón y los temas de las reuniones especiales en el tablero de anuncios ubicado junto a la mesa de inscripción e información.

Conference Evaluation Form

In your conference kit, you will find a Conference Evaluation Form. Please complete this form and take it to the Conference Information Table on Thursday, October 25th, where you can redeem it for your choice of a conference gift from a local social economy organization.

- Libros del Instituto para Estudios Cooperativos de la Columbia Británica

Internet at the Conference

The wireless Internet for the Fairmont Empress Hotel (including the meeting rooms that will be used for the Conference) and for the Victoria Conference Centre is two separate networks. If you wish to have wireless Internet access while in the Fairmont Empress Hotel, including in your room and the meeting space, you may purchase this service from the main desk of the Fairmont Empress Hotel at a cost of \$14.95 per day.

All conference participants will be granted wireless Internet access while in the Victoria Conference Centre. We will publicize a password to our own temporary network, free of charge.

If you wish to have occasional Internet access while taking part in the Conference, you may use the Conference Internet Café. On Tuesday, October 23rd, the Conference Internet Café will be located in the foyer outside Salon A (Victoria Conference Centre, Level 2). On both Wednesday, October 24th and Thursday, October 25th, the Conference Internet Café will be located in the foyer outside the Saanich Room (Victoria Conference Centre, Level 1).

The Conference Internet Café will be available from 8:30 a.m. to 5:30 p.m. There will be three computers on site, as well as seven outlets for you to connect your own computer. There is no cost for this service.

Acceso de Internet en el Congreso

Todos los participantes tendrán acceso gratuito a Internet inalámbrica en el Centro de Conferencias de Victoria. Para aquellos participantes sin computadora o sin acceso a la red inalámbrica, ofreceremos un Café Internet gratuito que estará abierto durante el Congreso de 8:30 A.M. a 5:30 P.M.

Accès Internet pendant la Conférence

Tous les participants de la Conférence bénéficieront gratuitement d'un accès sans fil Internet au Centre de conférence de Victoria. À l'intention des participants qui n'ont pas d'ordinateur ou qui ne peuvent utiliser le réseau sans fil, nous avons prévu un café Internet temporaire gratuit : il sera ouvert tous les jours de la Conférence de 8 h 30 à 17 h 30.

Dear Dr. MacPherson:

**RE: 1ST INTERNATIONAL CIRIEC RESEARCH CONFERENCE
ON THE SOCIAL ECONOMY**

Thank you for your invitation to the 1st International CIRIEC Research Conference on the Social Economy, themed, "Strengthening and Building Communities: The Social Economy in a Changing World" being held October 22-25 in Victoria. It was a pleasure to be able to meet with you in July of this year. Unfortunately, I am unable to attend this event. However, I appreciate your kind invitation, and invite you to read this letter as part of your program.

I commend all attendees for the interest you continue to demonstrate in the social economy. Through cooperative effort and hard work, this conference seeks to address a number of important issues including social services, cooperative business ventures, credit unions and environmental stewardship. Every country faces these challenges, and it is great that this conference has presenters from all over the globe. Conferences like this one are particularly important for the premium they place on the importance and respect given to each individual, as they work together for the common interest.

On behalf of the Government of Canada, and as MP for Saanich-Gulf Islands, wish all the participants a successful and informative conference.

Yours sincerely,

Hon. Gary Lunn, P.C., M.P.

To the delegates of the first international CIRIEC research conference on the social economy, may I extend to you on behalf of my constituency of Esquimalt - Juan de Fuca a very warm welcome.

You are a group of individuals representative of a wide range of organizations that respond to an array of social and economic challenges that affect our countries. I have often found that small grassroots organizations mobilized at a community level have done wonders to improve the health and welfare of some of our neediest citizens.

I am so pleased that you have chosen Victoria as the city to host your inaugural conference. May I wish each and every one of you a productive series of meetings, and that what we learn from each other will be able to be applied to help those who are least privileged in our communities.

Sincerely,

Dr. Keith Martin, M.D., P.C., M.P.

**Participants attending the First International Research Conference on the
Social Economy:**

As the MLA for Victoria-Beacon Hill I am honoured to welcome the delegates to the 1st International Research conference on the Social Economy. I understand that many of you have traveled from Latin America, Asia and Europe and I am delighted that you have taken the time out of your busy schedule to travel to Victoria.

Although the term social economy may not be well known in English speaking Canada, the concept of encouraging people to work together to help themselves rather than relying on business or government is nonetheless being embraced by large numbers of Canadians and in particular by many of my constituents.

I understand that the theme of the conference is *Strengthening and Building Communities: The Social Economy in a Changing World*. I know that you will be taking part in workshops which examine myriad aspects of the Social Economy – understanding the impact of the Social Economy, confronting adversity and examining models from outside Canada. I am particularly pleased that time will be given to Canadian context.

On behalf of the Victoria-Beacon Hill constituents please accept my best wishes for a successful and challenging conference.

Sincerely,

Carole James, MLA
Victoria-Beacon Hill

THE CITY OF VICTORIA

OFFICE OF THE MAYOR

Greetings from the City of Victoria

I would like to welcome you to the City of Victoria and the first International Research Conference on The Social Economy. It is truly a pleasure to host such a prestigious conference with presenters and attendees from over thirty countries around the world. The conference provides an opportunity for exchanging ideas, sharing information and networking with others in related fields.

Victoria was built on the rich diversity of our arts and culture, education and business communities. In addition, we are fast becoming recognized as an environment which supports and nurtures advanced technology research and development companies. We take pride that we are known worldwide for working in partnership with many sectors and all citizens in our region.

In addition to attending the conference, I hope you will have time to enjoy our beautiful city. Located on the southern tip of Vancouver Island, Victoria's unique character is rooted in its 150- year history – a history full of colorful people and fascinating tales. Victoria still boasts many of the heritage buildings from the turn of the 20th century and the oldest Chinatown on the West Coast, while more contemporary developments reflect our city's tremendous pride in its future.

On behalf of Council and the citizens of Victoria, I welcome you to Victoria and trust that your time here will be memorable.

Sincerely,

Alan Lowe

WELCOME FROM THE CANADIAN SOCIAL ECONOMY HUB

Welcome Conference participants!

On behalf of the Canadian Social Economy Hub, the Canadian Social Economy Research Partnerships, the Canadian Community Economic Development Network, and the British Columbia Institute for Co-operative Studies, we extend a very warm welcome to you as a delegate to the First International Research Conference Strengthening and Building Communities: The Social Economy in a Changing World.

We hope you will agree with us that the conference has attracted many interesting and important researchers and practitioners from over 30 countries. We trust that you will find the contacts you make at the conference and the information exchanged during it will be helpful to you in your future endeavours.

We hope, too, that you will find some time to enjoy the attractions of Victoria, which is well known as a place that makes a special effort to welcome tourists, and is an important centre for the Social Economy.]

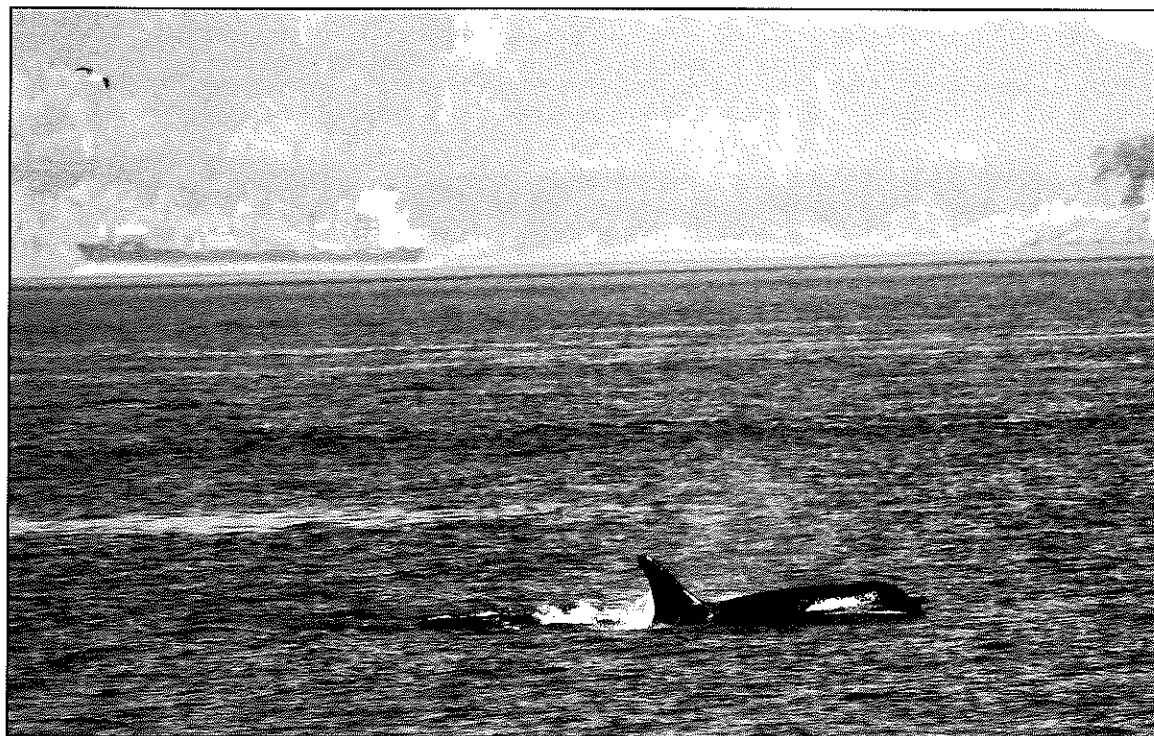

Please do not hesitate to contact one of us, or any staff at the conference if you have any questions or need any assistance.

BIENVENUE DU CIRIEC-INTERNATIONAL

Le CIRIEC, Centre international de recherches et d'information sur l'économie publique, sociale et coopérative est extrêmement heureux de vous accueillir à cette Première Conférence mondiale de recherche en économie sociale.

Malgré l'existence de plusieurs rendez-vous réguliers sur l'économie coopérative ou sur les mutuelles ou sur les organisations sans but de profit, il manquait une opportunité de rassembler au niveau mondial les scientifiques intéressés par les divers champs de l'économie sociale. Nous avons voulu que le CIRIEC soit à l'origine de la création de cet événement. Tous les deux ans - en alternance avec les congrès internationaux du CIRIEC qui rassemblent plusieurs centaines de chercheurs et praticiens en économie publique, sociale et coopérative -, nous organiserons désormais une conférence mondiale de recherche qui sera un temps fort dédié prioritairement aux scientifiques en économie sociale.

Nous sommes ravis et honorés que cette première Conférence rassemble à la fois des personnes déjà membres du réseau scientifique du CIRIEC mais aussi un grand nombre de chercheurs experts en économie sociale moins proches de notre organisation.

Nous souhaitons que cette Conférence soit un forum exceptionnel entre chercheurs du monde entier et que cette occasion de rencontre, de partage d'informations et de confrontation des points de vue permette une avancée pour la recherche en économie sociale et contribue au développement de partenariats fructueux.

Nous tenons enfin à remercier vivement et à féliciter le Centre canadien d'économie sociale (CEES) et le CIRIEC Canada pour l'organisation de cette Première Conférence.

Bon Travail ici à Victoria et Rendez-vous en 2009 en Europe pour la Deuxième Conférence mondiale de recherche en économie sociale !

WELCOME FROM CIRIEC-INTERNATIONAL

CIRIEC, the International Centre of Research and Information on the Public, Social and Cooperative Economy, is extremely happy to welcome you to the First International Research Conference on the Social Economy.

Although several regular meetings on cooperatives, mutual societies or nonprofit organizations already exist, there has been no international opportunity to gather the scientists interested in the various fields of the Social Economy. We wanted CIRIEC to be at the forefront of creating such an event. Every two years - alternating with the international congresses of CIRIEC, which gather several hundreds of researchers and practitioners in the public, social and cooperative economy - we will now hold a world research conference that will be an important time dedicated to the scientists in the social economy.

We are pleased and honored that this First Conference brings together members of the CIRIEC scientific network and also a great number of researchers in the social economy who have not before been involved with our organization. We wish for this Conference to be an exceptional forum for researchers from around whole world. This special occasion of sharing information and confronting issues allows for advancement of research on the social economy and contributes to developing fruitful partnerships.

Let us deeply thank and congratulate the Canadian Social Economy Hub (CSEHub) and CIRIEC Canada for organizing this First Conference.

Good Work here in Victoria! See you in 2009 in Europe for the Second World Research Conference on the Social Economy!

MOT DE BIENVENUE DU CIRIEC-CANADA

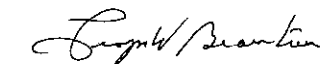

C'est avec un très grand plaisir que le CIRIEC-Canada vous accueille à cette première Conférence mondiale sur la recherche en économie sociale.

Initié au cours de l'année précédente et entré en activité en 1967, le Centre interdisciplinaire de recherche et d'information sur les entreprises collectives (CIRIEC-Canada) constitue un carrefour unique. Il rassemble à la fois des membres collectifs (entreprises publiques, coopératives, mutuelles, associations, fonds de travailleurs, syndicats, centres de recherche universitaire, instituts de formation) et des membres individuels (chercheurs, enseignants, étudiants et praticiens). Le CIRIEC-Canada est une section nationale du CIRIEC International. Le but de notre association scientifique est de contribuer à l'édification d'une économie plurielle, par un soutien éclairé et critique au développement de l'économie collective (sociale et publique) et par la promotion de l'intérêt général en matière de développement économique et social.

Nous traversons depuis quelques décennies une période de grande transformation. Les signaux d'alarme écologiques, mais également la mondialisation des divers enjeux socioéconomiques, tels que les droits humains, la grande pauvreté, les changements démographiques, montrent que la notion de « progrès », associée à la croissance illimitée de la production et de la consommation, rencontre aujourd'hui des limites infranchissables et qu'elle est loin de signifier un mieux-être pour tous. Les entreprises collectives recèlent un potentiel de contribution essentiel à un meilleur équilibre et à une meilleure conjugaison d'objectifs de développement centrés sur la rentabilité financière, l'efficacité économique, l'équité sociale et l'intégrité écologique.

Le CIRIEC-Canada fête cette année son 40e anniversaire. Il a pu compter, au fil des ans, sur de nombreuses et fructueuses collaborations avec des centres et des chaires de recherche. Aujourd'hui, il est ravi de s'associer au Centre canadien de recherche partenariale en économie sociale pour accueillir cette conférence internationale. Nous espérons qu'elle sera un moment de réflexion intense et enrichissante pour l'ensemble de la communauté scientifique et de pratique en économie sociale.

Nous vous souhaitons une très bonne conférence.

WORD OF WELCOME FROM CIRIEC-CANADA

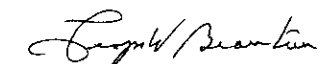

CIRIEC-Canada is delighted to welcome you to the first International Research Conference on the Social Economy.

Founded in 1966 and commencing operations in 1967, the Centre for Interdisciplinary Research and Information on Community Enterprises (CIRIEC-Canada) is a unique forum. It brings together both corporate members (public enterprises, cooperatives, mutual benefit societies, associations, labour funds, trade unions, university research centres and training institutes) and members at large (researchers, teachers, students and practitioners). CIRIEC-Canada is a national chapter of CIRIEC International. The purpose of our scientific association is to contribute to the creation of a pluralistic economy, through informed and critical support of the development of the communal economy (social and public) and the promotion of the public interest in social and economic development.

For the past few decades, we have been living through a period of great transformation. Ecological alarm signals as well as the globalization of various economic issues, such as human rights, extreme poverty, and demographic changes, have shown that the notion of "progress", associated with unlimited growth in production and consumption, has currently reached its ultimate limit and is far from bringing prosperity to all. Community enterprises have the potential for making an essential contribution to a more balanced world and ensuring a better coordination of developmental goals focused on financial profitability, economic efficiency, social equity and ecological integrity.

This year, CIRIEC-Canada is celebrating its 40th anniversary. Throughout the years, it has benefited from numerous and fruitful collaborations with research centres and chairs. It is now pleased to be associated with Canadian Social Economy Research Partnerships in the organization of this international conference. We hope that it will be an experience that will give rise to intense and deep reflection on the issues for the entire scientific and social economy practitioner community.

We trust you will have a stimulating conference experience.

PALABRAS DE BIENVENIDA DEL CIRIEC-CANADA

En el CIRIEC-Canada tenemos el inmenso agrado de recibirles en este Primer Congreso Mundial de Investigación en Economía Social.

Fundado en 1967, pero activo desde el año anterior, el Centro interdisciplinario de investigación y de información sobre las empresas colectivas (CIRIEC-Canada) constituye un punto de encuentro único en su tipo. El reúne miembros institucionales (empresas públicas, cooperativas, mutuales, asociaciones, fondos de trabajadores, sindicatos, centros de investigación universitaria e institutos de formación) y miembros individuales (investigadores, profesores, estudiantes y expertos prácticos). El CIRIEC-Canada es una sección nacional del CIRIEC Internacional. El objetivo de nuestra asociación científica es el contribuir a la construcción de una economía plural por medio de un apoyo lúcido y crítico al desarrollo de la economía colectiva (social y pública), y por medio de la promoción del interés general en materia de desarrollo económico y social.

Desde hace algunas décadas, atravesamos una época de profunda transformación. Las señales de alarma ecológicas, la mundialización de diversas problemáticas socioeconómicas tales como los derechos humanos, la pobreza y los cambios demográficos, muestran que la noción de « progreso », relacionada con el crecimiento ilimitado de la producción y del consumo, tropieza en la actualidad con límites infranqueables y está muy lejos de representar el bienestar de todos y para todos. Las empresas colectivas encierran un potencial de contribución esencial para la obtención de un equilibrio más justo y de una mejor conjunción de objetivos de desarrollo centrados en la rentabilidad financiera, en la eficacia económica, en la equidad social y en la integridad ecológica.

Le CIRIEC-Canada festeja este año su 40o aniversario. En el curso del tiempo hemos contado con la colaboración abundante y fructífera de diversos centros y cátedras de investigación. En esta oportunidad, estamos orgullosos de asociarnos con el Centro canadiense de investigación asociativa en economía social para acoger este congreso internacional. Esperamos que éste constituirá un momento de reflexión intensa y enriquecedora para el conjunto de la comunidad científica y práctica de la economía social.

Les deseamos que tengan un excelente congreso.

PLENARY SPEAKERS

GAR ALPEROVITZ

Currently the Lionel R. Bauman Professor of Political Economy at the University of Maryland, Gar Alperovitz has been variously described as a historian, a political economist, an activist, and a writer. His books on the topic of atomic diplomacy have received critical acclaim, and he has contributed articles to publications such as the New York Times and the Atlantic, as well as academic journals. Alperovitz has also been involved in issues surrounding worker-owned industry, and is the president of the National Center for Economic and Security Alternatives.

ÉTHEL CÔTÉ

Éthel Côté has been involved in the economic, social, cooperative and cultural fields for more than 25 years. She is now the Canadian representative on the Board of the Réseau intercontinental de promotion d'économie sociale et solidaire (RIPESS). In addition to teaching Community Economic Development at Boreal College and Concordia University since 2000, she has also mentored hundreds of communities and promoters of socio-economic development initiatives. She has been involved with the Canadian Community Economic Development Network for several years and sits on both the National Policy Council and the International Committee. She currently chairs the Ontario Solidarity Economy Network.

CHAD GAFFIELD

Chad Gaffield, one of Canada's foremost social historians, came to SSHRC from the University of Ottawa, where he was the founding director of the Institute of Canadian Studies and, most recently, held a University Research Chair. During his 20-year University of Ottawa career, he also served as vice-dean of graduate studies and on the executive committee of the board of governors. He is a former president of the Canadian Historical Association and the Canadian Federation for the Humanities and Social Sciences.

An expert on the sociocultural history of 19th- and 20th-century Canada, Gaffield led the Canadian Century Research Infrastructure Project (CCRI), one of Canada's largest and most innovative research projects in the social sciences and humanities. By applying digital technology to the country's rich mine of historical census information, the CCRI enables unprecedented and profound analysis of the forces that have shaped the modern nation.

In 2003 Gaffield was honoured with the Queen's Golden Jubilee Medal. A Fellow of the Royal Society of Canada, he received the society's 2004 Tyrrell Medal for his outstanding contribution to the study of Canada.

Chad Gaffield received his BA and MA from McGill University, and his PhD from the University of Toronto

ELLEN PEKELES

Ellen Pেকেles is Vice President of Community Leadership for Vancity Credit Union, Canada's largest credit union, with \$13 billion in assets, 380,000 members and 57 branches throughout Greater Vancouver, the Fraser Valley and Victoria. Vancity is guided by a commitment to community leadership, accountability, and a strong ethical policy. Vancity uses its resources to protect the environment, help people build assets, and strengthen communities. Ellen is responsible for embedding Community Leadership throughout Vancity and finding innovative ways to effect positive change in the communities where Vancity's members and staff work and live.

Prior to joining Vancity, Ellen was a Chief Operating Officer in Vancouver Coastal Health, which included 11 municipalities and 14 First Nations communities, with a population of just under 300,000 people, 3500 staff and a \$350M budget. She previously served as Vice President, Programs in the North Shore Health Region and before that, spent nine years in Edmonton in a variety of senior positions in a regional health care system.

Ellen holds a Bachelor of Science Degree in Physical Therapy from University of Toronto (1979), a Master in Health Administration from University of Ottawa (1987) and is a Certified Health Executive (1992). Ellen was a CCHSA Health Systems Surveyor from 1997-2002.

PAUL RAMADIER

Mr. Ramadier is the former head of the European Commission research division on social and economic matters. He has worked for the Commission as the head of the Social Economie division. He has also held various senior posts with the Commission and was on the board of the Banque Nationale de Paris (BNP). He holds a Doctorate in Law and is the co-author of books on the European Commission.

WANDA WUTTUNEE

Wanda Wuttunee (Cree, Red Pheasant First Nation, Saskatchewan) is Department Head of Native Studies at the University of Manitoba. Her work examines the strength of the community and the gifts that Aboriginal people bring to the business table. She is interested in the role of tradition, culture and gender in the decision-making process used by communities in developing and implementing their economic development strategies. Her work in the community includes board positions and committee work around issues of education, business and culture. She participated in the 2003 Commonwealth Study Conference in Australia for future leaders entitled People First in a Global Community. Her exploration of a community-based perspective of economic resilience is outlined in her recent book entitled Living Rhythms: Lessons in Aboriginal Economic Resilience and Vision.

INTERPRÉTATION À LA CONFÉRENCE

Les organisateurs de la première Conférence mondiale de recherche en économie sociale du CIRIEC ont fait de leur mieux afin que la majeure partie de la Conférence soit disponible pour les participants de langue française, espagnole et anglaise. À cette fin, nous aurons de l'interprétation simultanée dans deux des locaux de la conférence pendant toute sa durée. Dans une salle, l'interprétation se fera en trois langues : anglais, français et espagnol. Dans l'autre, elle sera effectuée en deux langues : anglais et soit français, soit espagnol, selon la langue des présentations. Pour chaque séance, cette information sera clairement indiquée à l'entrée.

L'interprétation de toutes les séances plénières se fera en anglais, en français et en espagnol.

Le mardi 23 octobre, l'interprétation sera fournie à la salle Buckingham et au salon A. Pour mercredi et jeudi, les 24 et 25 octobre, l'interprétation sera disponible à la salle Buckingham et à la Crystal Ballroom.

Pour profiter du service d'interprétation quand vous en avez besoin, procurez-vous un casque d'écoute contre signature au comptoir d'information de la Conférence. Les casques d'écoute doivent être rendus tous les jours en fin de journée. Ce service est gratuit.

INTERPRETATION AT THE CONFERENCE

The organizers of the First International CIRIEC Research Conference on the Social Economy have done their best to ensure that as much of the conference as possible will be accessible to those who speak French and Spanish as well as English. To this end, we have simultaneous interpretation taking place in two of the session rooms for the duration of the conference. In one room, the interpretation will be trilingual: English, French, and Spanish. In the other room, the interpretation will be bilingual: English and either French or Spanish, depending on the language of the presentations. This information will be clearly marked outside each session room.

All plenaries will be simultaneously interpreted into English, French, and Spanish.

On Tuesday, October 23rd, there will interpretation in the Buckingham Room and Salon A. On both Wednesday, October 24th and Thursday, October 25th, interpretation will be available in the Buckingham Room and the Crystal Ballroom.

In order to take advantage of the interpretation service, please sign out a headset at the conference information desk when you need it. All headsets must be returned at the end of each day. There is no fee for this service.

SERVICIO DE INTERPRETACIÓN

Los organizadores del Primer Congreso Mundial de Investigación en Economía Social de CIRIEC han hecho lo posible para asegurarse que el Congreso sea accesible no sólo en inglés sino para aquellos que hablan francés o español. A este efecto dispondremos de interpretación simultánea en dos de los salones a lo largo del Congreso. En un salón, la interpretación se ofrecerá en tres idiomas: inglés, francés y español. En el otro, la interpretación se ofrecerá en dos idiomas: inglés y francés o inglés y español, dependiendo del idioma de cada presentación. Esta información estará claramente señalada afuera de cada salón.

Todas las sesiones plenarias contarán con interpretación simultánea en inglés, francés y español.

El martes 23 de octubre habrá interpretación en el salón Buckingham y en salón A. El miércoles 24 y el jueves 25 de octubre habrá interpretación en los salones Buckingham y Crystal Ballroom.

Para poder beneficiarse del servicio de interpretación, retire los auriculares apuntándose en la mesa de información del Congreso. Todos los auriculares deben regresarse al final de cada día. Este servicio es gratuito.

OUR SPONSORS & FUNDERS

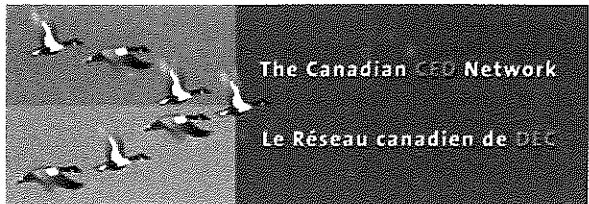

The British Columbia Institute for Co-operative Studies is a catalyst for research, learning, and teaching about co-operative thought and practice through the development of Co-operative Studies as an established field of inquiry. The Institute collaborates with other post-secondary institutions, the co-op sector, governments, individuals and communities interested in co-operative development.

Coast Capital Savings is Canada's second largest credit union. It serves nearly 360,000 customers across the Lower Mainland and Vancouver Island regions of British Columbia and employ more than 2,000 people at 49 branches, Contact Centre, and administration offices. As a credit union, its values are entrenched in the way it operates as a local business: a good employer and a credit union that cares about its members. And as a growing credit union, it recognizes that its journey towards sustainable development is more important than ever.

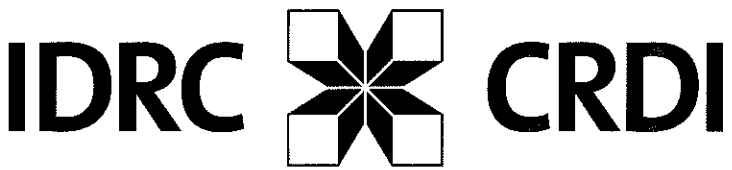

Le CIRIEC-Canada, Centre interdisciplinaire de recherche et d'information sur les entreprises collectives, est une association scientifique qui s'intéresse à toutes les formes collectives d'entreprises et d'activités économiques orientées vers l'intérêt général ou collectif. Ses membres se réunissent autour de préoccupations communes à l'égard de la démocratie, la participation, l'équité, la solidarité, la promotion des personnes et la préservation des ressources collectives.

The Canadian Community Economic Development Network (CCEDNet) is a national member-based, democratic organization, and a registered charitable non-profit organization. The membership of CCEDNet is made up of Community Economic Development (CED) community-based organizations and practitioners from every region of Canada. The organization's members bring urban, rural and northern experience and a diverse range of community economic development expertise to the work of CCEDNet. The mission of CCEDNet is to promote and support community economic development for the social, economic and environmental betterment of communities within Canada.

The Canadian Social Economy Hub (CSEHub) acts as a facilitator promoting collaboration among six regional research centres across Canada (Québec, Atlantic, Southern Ontario, Prairies and Northern Ontario, BC and Alberta and the North), and creating opportunities and exchanges with international networks. CSEHub reaches out to practitioners, to researchers and to civil society, through the regional research centres and their community partners. It undertakes research as needed in order to understand and promote the Social Economy tradition within Canada and as a subject of academic enquiry within universities.

The International Development Research Centre (IDRC) is a public corporation created by the Parliament of Canada in 1970 to help developing countries use science and technology to find practical, long-term solutions to the social, economic, and environmental problems they face. Support is directed toward developing an indigenous research capacity to sustain policies and technologies that developing countries need to build healthier, more equitable, and more prosperous societies.

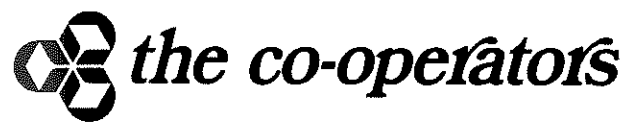

The Social Sciences and Humanities Research Council of Canada (SSHRC) is an arm's-length federal agency that promotes and supports university-based research and training in the social sciences and humanities. ...SSHRC-funded research fuels innovative thinking about real life issues, including the economy, education, health care, the environment, immigration, globalization, language, ethics, peace, security, human rights, law, poverty, mass communication, politics, literature, addiction, pop culture, sexuality, religion, Aboriginal rights, the past, our future.

The Canadian International Development Agency (CIDA) is Canada's lead agency for development assistance. It has a mandate to support sustainable development in developing countries in order to reduce poverty and to contribute to a more secure, equitable, and prosperous world.

A new logo and name has been developed to identify the Nodes and National Partners involved in the Social Sciences and Humanities Research Council funded research on the Social Economy. In March, 2007, the CSEHub Board, consisting of delegates from each of the six regional research nodes and practitioner organizations, agreed to the Canadian Social Economy Research Partnerships/Centre canadien de recherche partenariale en économie sociale. The name was chosen to reflect the nature of the research, which is a partnership between university and practitioners/actors.

The Co-operators Group Limited is a 100% Canadian-owned company with over 60 years of history as a co-operative. Our member-owners are co-operatives, credit unions and like-minded organizations, representing a variety of sectors and regions across the country. Our focus extends beyond increasing profits and share values, to a concern for satisfying the needs of clients, staff members, member-owners, and communities.

CIRIEC (International Centre of Research and Information on the Public, Social and Cooperative Economy) is a non-governmental international scientific organization. Its objectives are to undertake and promote the collection of information, scientific research, and the publication of works on economic sectors and activities oriented towards the service of the general and collective interest. In these fields CIRIEC seeks to offer information and opportunities for mutual enrichment to practitioners and academics and for promoting international action. It develops activities of interest for both managers and researchers.

The University of Victoria, one of Canada's leading universities, provides both students and faculty with a unique learning environment. Gala / Mardi, le 23 octobre / 5:30 - 10:30 pm

Une surprise unique et exceptionnelle attend les participants de la conférence : nous célébrerons la Première conférence mondiale de recherche en économie sociale du CIRIEC par un festin de cuisine régionale. La tribu des Cowichan de la région de Duncan est propriétaire exploitante du Centre culturel Quw'utsun, une installation qui fournit moult possibilités d'apprendre et d'échanger dans un très beau cadre. Le départ des autocars est prévu à l'Empress, à 17 h 30 précises; le trajet d'une heure jusqu'à Duncan vous permettra de voir quelques-uns des plus spectaculaires paysages du sud-est de l'île de Vancouver. Des rafraîchissements seront servis à bord de l'autocar. Les participants retourneront à l'Empress aux environs de 22 h 30.

Gala Banquet / Tuesday, October 23rd / 5:30 - 10:30 pm

A unique and exceptional treat is in store for conference participants, as we celebrate the First International CIRIEC Research Conference on the Social Economy with a feast of regional cuisine. Owned and operated by the Cowichan Tribes of the Duncan area, the Quw'utsun Cultural Centre is a facility that provides opportunities for learning and socializing in a beautiful setting. Not only will we enjoy a delicious meal of local salmon, along with salads and desserts and local wines; we will also have the privilege of viewing a performance by the Cowichan Tzinquaw Dancers. Coaches depart from the Empress at 5:30 pm sharp; the trip to Duncan is an hour long, during which you will see some of the most spectacular scenery of Southern Vancouver Island. Refreshments will be provided during the coach ride. Participants will be returned to the Empress by 10:30 pm.

DOWNTOWN VICTORIA

DINING OUT IN VICTORIA / DÎNER DEHORS À VICTORIA / RESTAURANTES EN VICTORIA

In your conference kit, you will find a page of suggested restaurants in the downtown area. These are places recommended by the conference organizers and their colleagues, and by no means represent a complete list of Victoria's excellent dining options! However, the restaurants listed are the ones that we patronize most frequently, both for the quality of the food and the focus on fresh and local ingredients.

Dans votre trousse de la Conférence, vous trouverez quelques suggestions de restaurants du centre-ville. Il s'agit de recommandations des organisateurs de la Conférence et de leurs collègues, et non d'une liste exhaustive des excellents restaurants de Victoria! Cependant, cette liste énumère les endroits que nous fréquentons assidûment, pour la qualité des plats et la fraîcheur des ingrédients locaux.

En su paquete del Congreso encontrará una página con una lista de restaurantes localizados en el centro de la ciudad. Si bien estos establecimientos son recomendados por los organizadores del Congreso, de ninguna forma representan un listado completo de las excelentes opciones gastronómicas que ofrece Victoria. Sin embargo, los restaurantes indicados son a los que asistimos con más frecuencia, por la calidad de sus alimentos y por la utilización de ingredientes frescos y locales.
